

Preliminary editorial plan for 2018

QI: January №1 (160), February №2 (161), March №3 (162)
Russian PVC market trends
Russian market of tetrahydrofuran
Global phthalic anhydride market
Natural soda in the United States: production and market
Overview of the Bahrain chemical industry
European biopolymers market
Global production and market of propylene oxide
Tin production and global market
Asian market of adhesives and sealants
Prospects for use of oil sludge as chemical raw materials
PET market in the Middle East and Africa
Coal naphtha market in Europe: production, consumption, prospects
Redispersible polymer powders based on vinyl acetate in CIS
Optical brighteners of disulfo-type: manufacture and market
2-ethylhexanate as additives to diesel fuel : technology and production
QII: April №4 (163), May №5 (164), June №6 (165)
Polymer market in Africa
Manufacturers and suppliers of synthetic rubbers in Russia: general overview
Global and CIS mercury production and market
Global production of porous ammonium nitrate
Production of motor fuels in Russia
Global and Russian market of low molecular weight polyisobutylene
Global production and market of acetone
Market of plasticizers for polymers in Russia, CIS and worldwide
Petroleum resins market in Russia
Overview of the chemical industry of the Czech Republic
PE and PP: Russian market
Production and market of methanol in Russia
World production and market of zirconium and its compounds
Current state and prospects of the global NPK market
Production and market of ammonium sulfate in the CIS
QIII: July №7 (166), August №8 (167), September №9 (168)
Polymers in medicine
Production and market of pesticides in Russia
Brief overview of the Russian market of powder coatings
Trends in the global production and market for methyl tert-butyl ether
Overview of the chemical industry of Malaysia

Overview of the global and European market of polyolefins
World production and market of bismuth
Market for organosilicon compounds in Russia
Manufacture of pentaphthalic varnishes in the CIS
Market of high-purity synthetic oxide and hydroxide of magnesium in Russia, CIS and worldwide
Polybutylene terephthalate market in Russia
Review of activities of suppliers for the tyre industry in Russia
Production and market of rare gases in Russia
Russian market of reagents for gold mining
QIV: October №10 (169), November №11 (170), December №12 (171)
Global market of the polyvinyl acetate dispersions
Global tyre market
World production and market of molybdenum and its compounds
European fertilizer market
Current state of chemical manufacture in Laos
Production and market of rubber cord and rubber threads in the Russia
Coal chemistry in Russia
Deicing materials market in Russia
Latexes for waterborne coatings in the CIS
Current State of chemical industry in Cambodia
World production and market of nitrile rubbers
Russian market of formaldehyde
Russian market of hypochlorites
Low-tonnage chemicals in Russia: market and recent developments
Current state of chemical production in Bangladesh
